### RED LETTER DAY

GREAT SUCCESS AND NEW CENTRAL CHRISTIAN CHURCH BUILDING IS IN SIGHT

During last week there were many mysterious hints among members of the Central Christian Church as to the meaning of "Red Letter Day" that had been announced for Sunday, April 27th, and queries brought the reply, "Come out and see." A great many did so and a very large congregation greeted the pastor, Rev. C. A. Cole, as he began the service. Preaching on the subject, "It's Nobody's Business," Rev. Cole set forth the Bible teaching on stewardship of money and goods entrusted by the Lord to His followers and insisted that it was the Lord's business and their fellow church members' business what such followers did with their money. He then set forth the need for a building large enough to house the necessary equipment for the activities of the busy and growing congregation in its Bible School and other work. Then the building committee was called to the front and subscriptions were taken. There was ready response and sums from \$5 to \$500 were freely offered. There was one more \$500 gift offered contingent on a companion gift of the same size, which will doubtless be secured. With this and the amount already on hand, the sum of \$5300 is in sight as a starter for the building of a \$25,000 to \$30,000 structure on the site of the present house of worship.

### FAMILY REUNION IN PROSPECT

Mr. and Mrs. E. U. Emery are in receipt of a wire from their son Owen Emery, in which he says he has been four days in New York and expects to be sent West with troops in his division Monday. They figure that he should reach Los Angeles the latter part of the week. The Emerys and Bryants and other families in this city related to them are planning a big family reunion when all their soldier boys get back. The list includes besides Owen Emery, Dr. Dana Burket, Clarence Smith, Victor Harris and Dr. Ralph Lusby who came home some time ago.

### ON ERRAND OF MERCY

Rev. C. A. Cole drove to Los Angeles this morning and was joined there by his parents, B. O. Cole and wife, in a trip to Camp Kearny to visit Clark Pennick, a cousin of Rev. Cole. His parents live in Washington and are unable to make the long journey to see him, so the Coles were asked to go down and make him a cheering visit. He has a bad shrapnel wound in the leg and has been in three different hospitals for treatment. He seems to be improving slowly now, yet is very despondent over his long confinement.

### DONALD RILEY PROCTOR

A little son arrived Sunday morning, April 27, 1919, to gladden the home of Mr. and Mrs. Riley C. Proctor of 114 1/2 South Orange street. He has been named Donald Riley Proctor.

### COULDN'T KEEP HIM IN

FLED HOSPITAL TO GO OVER TOP SECOND TIME WITH COMRADES

Mr. and Mrs. Wm. Van Osdoll of 612 E. Elk Ave. went to Los Angeles Saturday afternoon to greet their son, Bert, who is a top sergeant with Co. E, 364th Infantry, 91st Division. This belated contingent was on the way to Camp Kearny for demobilization. Sergeant Van Osdoll was allowed to come out to Glendale after the parade and take supper with the family and some friends hastily invited in, then returned to Los Angeles to rejoin his command. He was in the very worst of the Argonne fighting and went over the top twice. He was wounded in the leg in the first day's battling and was sent to a hospital just behind the front. After chafing there three days he begged to be released to join his command, but was refused permission as his condition would not allow it. But he managed to slip into a convalescent ward and was checked out in the confusion. He at once rejoined his company and went over the top the second time, receiving a bad wound in the side, which kept him quiet till the armistice was signed. Both were shrapnel wounds. He was awarded the distinguished service medal but refused it. He expects to be with his parents in a day or two and after a short visit will probably return to his transfer business in Exeter.

### MASONIC DINNER

UNITY LODGE NO. 368 ENTERTAINS 120 MEMBERS, THEIR WIVES AND FRIENDS

The dinner given Friday evening, April 25th, by Unity Lodge, No. 368, of Glendale, to Masons, their wives, families and friends, was one of the pleasantest affairs that has ever been given by the lodge and great credit is due the entertainment committee for its work both in kitchen and dining room. At 6:30 everything was in apple-pie order, steaming hot and ready to serve, covers being laid for 120, who were served with boiled-baked ham, baked potatoes, scalloped corn, hot buttered rolls, lettuce salad (with paprika and mayonnaise dressing), ice-cream and cake, coffee and chocolate.

Following the dinner, guests adjourned to the lodge room where entertainment was provided. Brother Hogue made an ideal chairman and introduced the following numbers: Songs by Little Miss Edna Stewart, the 5-year-old Los Angeles wonder, who charmed all present. She had recently filled a week's engagement at Grauman's Theatre, Los Angeles; a piano duet was beautifully rendered by Mrs. Roy Masters and Mrs. Eva Cunningham. There were several delightful readings by Mrs. Calvin Whiting; Miss Lois Naudain greatly pleased the audience with several fancy dance numbers.

For those who wished to remain after the program, card tables were provided, and thus ended one of the most enjoyable evenings were spent.

I wish to thank all those who helped in any way to make the affair such a grand success, the waiters who worked like clockwork, the carvers in the kitchen and last, but not least, the two hard working ladies, Mrs. Terrell and Miss Porter, who worked all the afternoon preparing the good things to eat.

FRANK BOOTH,  
Chairman.

### P.-T. A. FEDERATION

GLENDAL WELL REPRESENTED—MRS. MINETTE SHERMAN ELECTED FINANCIAL SECY

Glendale Federation P.-T. A. spent Thursday and Friday as hostess to the First District Convention held in Los Angeles. Over fifty Glendale ladies attended and increased the reputation which our Federation has so long enjoyed—that of being one of the most cordial and active groups in the district. Much commendation was given Glendale for the prompt and splendid reports coming from its departments.

The convention was opened by invocation given by Rev. Chas. Scott of the First Methodist Church. The morning was devoted to reports of committees and officers. Luncheon, both days, was enjoyed in the Broadway cafe, the management arranging long tables where the guests were seated in groups.

A delightful vocal solo was given by Mrs. G. L. Eastman of Hollywood to open the afternoon session, after which Mr. Harry Williams, war correspondent of the L. A. Times, gave an intensely interesting account of time spent with the 91st on the way and during the Argonne drive.

Forty-five minutes of recreation was given to a Community Sing, led by Mr. Kirchoffer, with Mrs. Hagood at the piano. This was hailed with great delight by everyone and Hollywood and Glendale were envied as being able to enjoy such a good thing every week.

Friday morning was marked by an especially fine address by Supt. Stephens of Long Beach on "Present-day Tendencies in Kindergarten Education," followed with illustrations by Miss Ada Mae Brooks of Pasadena. The War Service department presented Mr. Eugene Tincher, Commissioner of Public Affairs of Long Beach, who gave a glimpse of what service was to mean during the days of reconstruction.

One of the happiest moments came when the election returns were read and Mrs. Minette Sherman was declared elected to position of Financial Secretary of the district.

The only disappointment of the Convention was the absence of our State President, Mrs. Jessie Russell, who was confined to her home by illness.

The presidents of all Glendale Associations were present and 31 of the 34 delegates, besides several who acted as members of the courtesy committee.

### GIANTS WIN

Giants played Angels at the Inter-met today and won in a score of 9 to 11. Fine work was done by Wesley Agasson, Frederick Easley, Geo. Morrison and Robert Frazee.

### TRIAL OF KAISER BILL

INTERNATIONAL COURT PROPOSED TO ADJUDICATE CASE OF FORMER GERMAN RULER AND ASSOCIATES

(Special Service to Glendale Evening News)

Washington, April 28.—The State Department today announced that a measure demanding the surrender of the kaiser for trial before a court composed of one representative each of the five great powers will be submitted at today's plenary session of the peace conference.

The measure demands that all others responsible for war crimes must also be tried. The kaiser and his associates will be permitted to select their own counsel, and then will be tried in strict adherence to international and moral laws.

It would also be required, if the measure is passed, that Germany give the Allies access to all secrets of the German war office, so that full responsibility may be fixed.

The measure has other far-reaching effects. It would permit the punishment of submarine commanders and the perpetrators of crimes in France and Belgium, and would force Germany to give the Allies the records of her espionage system and permit the apprehension of thousands of spies who operated in the United States and other countries.

The French delegates have pushed the demand for the kaiser's trial despite the reported Japanese opposition and the apathy of some other delegations. Provisions insuring a fair trial have been inserted to overcome this opposition.

### THE MAYOR WOODMAN TRIAL

JUDGE WILLIS RULES PROSECUTION NEED NOT SHOW ITS HAND; ALLOWS SOME TESTIMONY STRICKEN OUT

(Special Service to Glendale Evening News)

Los Angeles, April 28.—The trial of Mayor Woodman will proceed without interruption and without the prosecution being forced to show its hand. That was the result of a ruling by Superior Judge Willis today when the defense's effort to force District Attorney Woolwine to introduce new corroborative evidence precipitated an hour's legal battle.

Judge Willis ruled in favor of the prosecution excepting on one point. The defense succeeded in having stricken out the testimony of George Brown, negro politician, that he had directed men to begin the collection of the \$25,000 campaign fund for Mayor Woodman.

After these points were decided, Brown continued giving testimony on other points. The examination grew interesting and then rollickingly funny as it progressed.

"You had a great deal of trouble during 1917 at your place, did you not?" an attorney asked Brown.

"We had about 300 arrests," Brown answered, "at our place. I don't consider that very much trouble," he added.

### REVISED LEAGUE COVENANT ADOPTED

PRESIDENT WILSON OUTLINES CHANGES BEFORE CONFERENCE AND SUGGESTS AMENDMENTS, WHICH PASS

(Special Service to Glendale Evening News)

Paris, April 28.—The plenary session of the peace conference today adopted the revised covenant of the League of Nations after a two hours' meeting.

The delegates also passed motions by President Wilson, adding Belgium, Greece, Brazil and Spain to the nations which will have representatives in the league council pending permanent organization.

On Wilson's motion, Sir Eric Drummond, who has been private secretary to Sir Arthur Balfour, was named the first secretary of the league.

President Wilson, addressing the session, outlined the changes made in the covenant since it was last considered, and merely referred to the Monroe Doctrine amendment without discussing it.

The French delegates offered two changes, which provide for a special committee to gather information on armaments and for the establishment of a permanent committee to enforce the league's provisions in case of emergency.

Baron Makino of Japan urged the introduction of a strong clause against racial discrimination "in law or in fact." He made his address in English. He indicated that Japan will continue its fight for racial equality even after the league is firmly established. Makino did not offer a formal amendment to the constitution, however, merely urging that one be added. His speech was for the purpose of getting Japan definitely on record.

The Belgian delegation spoke, expressing regret that Brussels had not been selected as the capital of the league.

### RAINBOW DIVISION MEN

117TH ENGINEERS, LARGELY FROM CALIFORNIA, REACH BOSTON TODAY ON TRANSPORT PRETORIA

(Special Service to Glendale Evening News)

Boston, April 28.—The transport Pretoria arrived today with 2,000 men of the Rainbow Division, including a detachment of the 117th Engineers, in which are many Californians.

### TWO MORE DIVISIONS COMING

Washington, April 28.—The War Department has announced that the 88th and 89th Divisions have been ordered to prepare to return to the United States.

### LEGISLATIVE DOINGS

SIDE LIGHTS BY ASSEMBLYMAN WHITE ON MEASURES CONSIDERED AT SACRAMENTO

Some very illuminating information about state government and the doings of lawmakers when assembled at Sacramento is to be had from Assemblyman John Robert White, Jr., who returned from the state capital Saturday.

He states that of the 1800 bills introduced in the assembly about fifty per cent, or 900, passed and of these a great many will be vetoed by the governor because they are bills calling for appropriations far in excess of any funds in the state treasury. While the members of this assembly were largely elected on an economy platform, practically nothing was accomplished along that line. The chief measure aimed to effect reform in the efficiency and cost of government was a bill prepared by representatives of the Taxpayers' Association which was far-reaching in its effects. It did not aim to cut down any of the functions of the government but to so systematize them that there would be a department for each function with only the necessary officials to execute those functions instead of as now a lot of commissions each carrying out the same functions, treading on each other's toes and interfering with each other. This bill was introduced in the assembly by Mr. White and in the senate by Mr. Carter, but not until late in the session out of deference to Governor Stephens who had an efficiency plan of his own finally pronounced by him too drastic to be considered. Because of this delay Mr. White's bill was not reached until 5 o'clock in the morning on April 16th. Even at that hour it received respectful attention, but could muster only 19 votes to 45 against it. Many who would have voted for it if left to their own initiative, had received instructions to kill it, so the only chance for any saving of treasury funds is in the hands of the Governor to be exercised in the vetoing of appropriation bills.

This bill called for a reduction of state officers from approximately 450 to 53 and would effect a saving of \$1,500,000 and also an increase of efficiency now impaired by overlapping and clashing of authority of commissions exercising the same functions. When Mr. White saw it would be impossible in the short time allowed for discussion to put the measure through, he moved for an extension of the session for two weeks but that was immediately voted down. Every member was anxious to get home. He feels that the work done was educational and that two years hence it can be brought up as an initiative (Continued on Page 2)

### CONVENTION BEGINS TONIGHT

The Spring Convention of the Lutheran Church of the California Synod begins tonight at 7:45 in the Lutheran Church, corner Harvard and Maryland. Rev. J. E. Hoick of St. Paul's Lutheran Church, Los Angeles, gives the address on "Our Lutheran Opportunities." Ministers and delegates will be present from San Diego to Santa Barbara. The Women's part of the Convention will take place tomorrow beginning at 9 o'clock in the Christian Church, corner Louise and Colorado, for an all-day meeting. The best things are in store for all interested. Discussion will take place of paramount importance. All welcome. The men's convention will continue until Wednesday noon.

David Young, who formerly lived at 301 East Chestnut street, with his aunt, Mrs. Fannie O. Stone, and went to war soon after it was declared, driving an ambulance in the 158th Company, is now lying helpless in the hospital at Nantes, France. He underwent an operation for appendicitis five months ago and was on the road to recovery when for some unexplained reason one leg began to swell and soon became twice its natural size. He has been treated at several hospitals and now is slowly mending.

### GOOD NEWS FOR GLENDAL HIGH

The news of greatest interest at Glendale Union High is that the Student Body will realize for its treasury about \$250 as net returns from the three performances of its vaudeville show last Thursday and Friday. Also, that in the ball-game between the Glendale team and South Pasadena team, which was played Friday afternoon, Glendale won with a score of 18 to 2.

### NEWS FROM GERMANY

FRANK BURSON NOT IN LOVE WITH HUNS AND HUNLAND

Mrs. A. L. Burson of 521 South Louise street reports the receipt of homesick letters from Frank Burson, who formerly worked here with Al and who is at Saarburg, Germany, and very anxious to get back to the United States and to the young wife he left behind when he entered service. He has written a most interesting account of the country where he now is which the Bursons have kindly allowed the Evening News to publish, believing it will be of interest to returned soldiers and to friends of soldiers still overseas.

Corporal Harold Burson, who has been with a motor truck section of Ammunition Train No. 3, is believed to be en route for home.

Another brother, Jesse Burson, who enlisted in Colorado Springs, is still in France and in one of the divisions which will probably be among the last to be cited for return.

Saarburg, Germany,  
Feb. 15, 1919.

Dear Bro. Albert:—

I would a lot rather be on the sunny side of a building eating lunch and talking with you than in trying to write. In the first place I am no good at writing, and second, California looks just a thousand times better to me than this land of manure piles. You know a German's greatest treasure is his manure pile. They keep it right in front of the house and the houses set right up to the street, and where we have lawns to set off the front yard, they go us one better with their fertilizer. They have no farm houses and the farmers live in town, and either walk or ride to the ground they are farming. The soil is all worn out and no good and unless it is heavily fertilized they can't raise anything on it. Horses are scarce and you see the old farmers driving up the street with anywhere from two to eight milch cows hitched to the wagon by chains around their horns. A horse can't be bought for less than about two thousand marks, or in our money about five hundred dollars. We get paid in marks at the rate of eight to a dollar, but the Germans persist that they are still worth 25 cents of our money. There is no silver nor gold and everything in the line of money is paper.

It has been pretty cold for the past month, the snow never leaving the ground, but yesterday it warmed up and rained a little in the evening. It turned colder later and froze. The streets are all cobblestones and up hill and down and this morning they are as slick as any skating pond you were ever on, and with these slick hob nails in our shoes we were sliding around on our ear most the time. No more than stand up until we would be down wondering how we got there. We were supposed to stand regimental inspection and go out to the field with heavy packs, but they called it off and we had inspection in our billets. There are about 2,000 soldiers billeted in this town and there is anywhere from one to a dozen billeted with each family. They must furnish us with beds, and a stove and fuel, to keep warm. There are ten of us in here, but the room where the stove is and where we spend all our time used to be a saloon and is a big room with several windows.

### WHITE STAR PATROL

ITS FRIDAY NIGHT DANCE THE FIRST OF A MONTHLY SERIES

Last Friday evening the White Star Patrol Drill Team of the Glendale Lodge entertained fellow Elks and their ladies at an informal dance at the Club House. It was as stated, informal, and though not one of the largest affairs was one of the most enjoyable that has been given within the walls of the Club for the boys waded in for a good time and had it. About seventy-five couples were present. Music was furnished by the Imes Orchestra. At the close of dancing refreshments were served.

This was a function to make the membership at large acquainted with the personnel of the drill time preliminary to a little drive for new members for the team, which is to begin drilling Friday to make its organization very "fit" for the State Convention to be held in San Diego next October. The drill team has won many trophies and will go to San Diego with the intention of bringing home the first prize for the drill contest.

It is the intention of the team to have a series of parties which will be regular monthly events.

## NEWS FROM GERMANY

(Continued from Page 1)

The result is that we have about 25 or 30 in here all the time (when we are not drilling), playing cards and rolling the bones.

We have been drilling from eight o'clock in the morning until noon and after noon playing games and athletics. We get out with an indoor baseball and plow around through the snow and have a great time; have a football, too, but they play the soccer game and I don't care for it.

We are in quarantine for the flu, and have been wearing flu masks, but they let us take the masks off today. I was in from drill for five days, but didn't go to the hospital.

I have heard once from Jesse and twice from Hal since I have been in Germany. Both seemed to think they were to sail soon, but guess they are both still in France, as our major was transferred the other day to the 91st as he is in a hurry to get home. Jesse is in the 77th, but don't believe they have sailed.

I'd sure like to be home and out of this. It has set me back quite a bit and I am anxious to get to earning some money again. This life is anything but pleasant and now that the fighting is done see no reason why they should keep us here and drill the tail off of us, in the cold and snow. They get us up at 6 in the morning, and ride us all day long.

I am going to call this off and go get my hair cut, sure! I still have a fringe over my ears that needs trimming once in a while, otherwise my head is nude.

How is the girl? Can she say dederal big tables and lots of chairs.

dy yet and bum you for pennies? Tell Bob and Lulu Hello! and that I hope to see you all before long. Wish-ing you lots of good luck I remain

Second Letter  
Saarburg, Germany,  
March 30, 1919.

Mr. A. L. Burson,  
771 South Louise St.,  
Glendale, Cal.

Dear Bro:—  
Received your letter something like a week ago, and as I have a few minutes to call my own shall try to get it answered. The day is Sunday and snowing to beat the band, and what makes it the more unwelcome is the fact that I must stand two hours of every six on post. The company being on guard today, I'm posted at the top of a hill making every German show his pass allowing him in or out of town, and the wind and snow get an open shot at me. I'm wishing it were this time tomorrow and we relieved.

I hear from Jesse once in a while; he is with the Fifth Division and somewhere in Luxemburg. Am afraid he is billed for a long stay over here as the Fifth is a Regular Army Division and will be one of the last to go home. He said he might be transferred again and hit it luckier, but I'm afraid he won't. I tried to get a pass to go see him, but they refused, saying they couldn't grant a pass into Luxemburg.

I believe Hal left for home this last week. I haven't heard from him in a long time, but the papers look that way. I'm thinking he is feeling pretty gay if he is. I know I would if I were, even though I were on the

boat and heaving everything but the anchor.

Unless something goes wrong, I guess we will be on our way on or before the first of June. That sounds a long way off to me, but it might be a lot worse.

I must grab my mess kit, get something to eat and then go on guard, so am calling the deed done, and remaining as ever

BRO. FRANK.

## LEGISLATIVE DOINGS

(Continued from Page 1)

measure which the legislature will be compelled to consider. The state has developed in the same way that an overgrown village is converted into a city without an organization adequate to meet its needs and its government must be thoroughly overhauled and reorganized, in the opinion of Mr. White, before waste and extravagance can be eliminated and the taxpayers can be given adequate returns for their money. The defeat of this bill which he had the honor of introducing but did not originate was a great disappointment to Mr. White, but he is trying to be philosophical about it.

He feels that the administration was also responsible for the defeat of the other measure in which he was so greatly interested and which he introduced, viz., the amendment of the primary election law. Two amendments were proposed, one forbidding candidates to run upon any ticket except that of the party with which they were affiliated, the other requiring that the names of candidates on ballots shall be followed by their party affiliations. As a matter of simple honesty and justice to the voter, Mr. White and other supporters of the bill felt this amendment should have been made. Two days before a vote was to be taken 44 votes for the amendments had been promised, but the administration whips got busy, he says, and the vote dwindled to 26 for and 46 against.

In the matter of appropriations he found a steady tendency on the part of many members to vote for bills to please somebody well knowing that state funds were wholly inadequate to meet them, and shifting the responsibility to the shoulders of the governor. He voted no on most of them, not because he lacked sympathy for their objects, but because he could see no use in voting moneys which the state does not possess.

In tomorrow's issue of the Evening News will be given some interesting facts relative to measures included in the 900 bills passed which are of special interest to Southern Californians and which are now in the hands of the governor.

## OPENING HEALTH LECTURE TONIGHT

The opening Health Lecture of the Chautauqua Health Series will be given tonight in the First Methodist Church by J. C. Elliott, health specialist. Admission is free to this entire course of lectures given under the auspices of the Glendale Ministerial Union.

Health lectures will be given daily during the coming week in the First Methodist Church at 2:30 and 7:45. The subject of the lecture Tuesday at 2:30 "The Secret of Health and Preservation of the Body." Subject at 7:45, "Prevention of Disease by Right Living, and Scientific Breathing."

Mr. Elliott says: "Prevention of disease involves the whole problem of the food supply, the water supply, perfect sanitation in the home and the city, scientific breathing, health culture exercise, hygienic bathing and mind attitude. It involves our national government, our state government, the municipality, the family and the home and the individual life. Never in the history of our nation has this problem been forced upon us more thoroughly than at present. Never has a nation been so interested in the problem of the food supply as our nation at the present time. The problem of the conservation of the food supply is one of the real problems of prevention of disease. Never has our nation made greater strides in the direction of prevention of disease than she is now doing in the enforcement of the problems and principle of food conservation. Conservation spells health and prevention of disease when perfectly analyzed."

"Scientific breathing is one of the most important factors in prevention of disease. Oxygen starvation is one of the chief causes of disease. The average chest expansion is less than three inches. No individual can long maintain his health on less than five inches in chest expansion. A scientific demonstration in chest expansion will be given Tuesday night by placing persons on the platform and showing how to obtain a good chest expansion. Improper breathing and lack of the development of lung capacity is the chief cause of the 500,000 deaths annually from pulmonary diseases."
